STATEMENT

I am _____, Superintendent of the Willis Riffe Coal Company Protest Denied mine. Thank you for responding to our emergency. You are located on the surface.

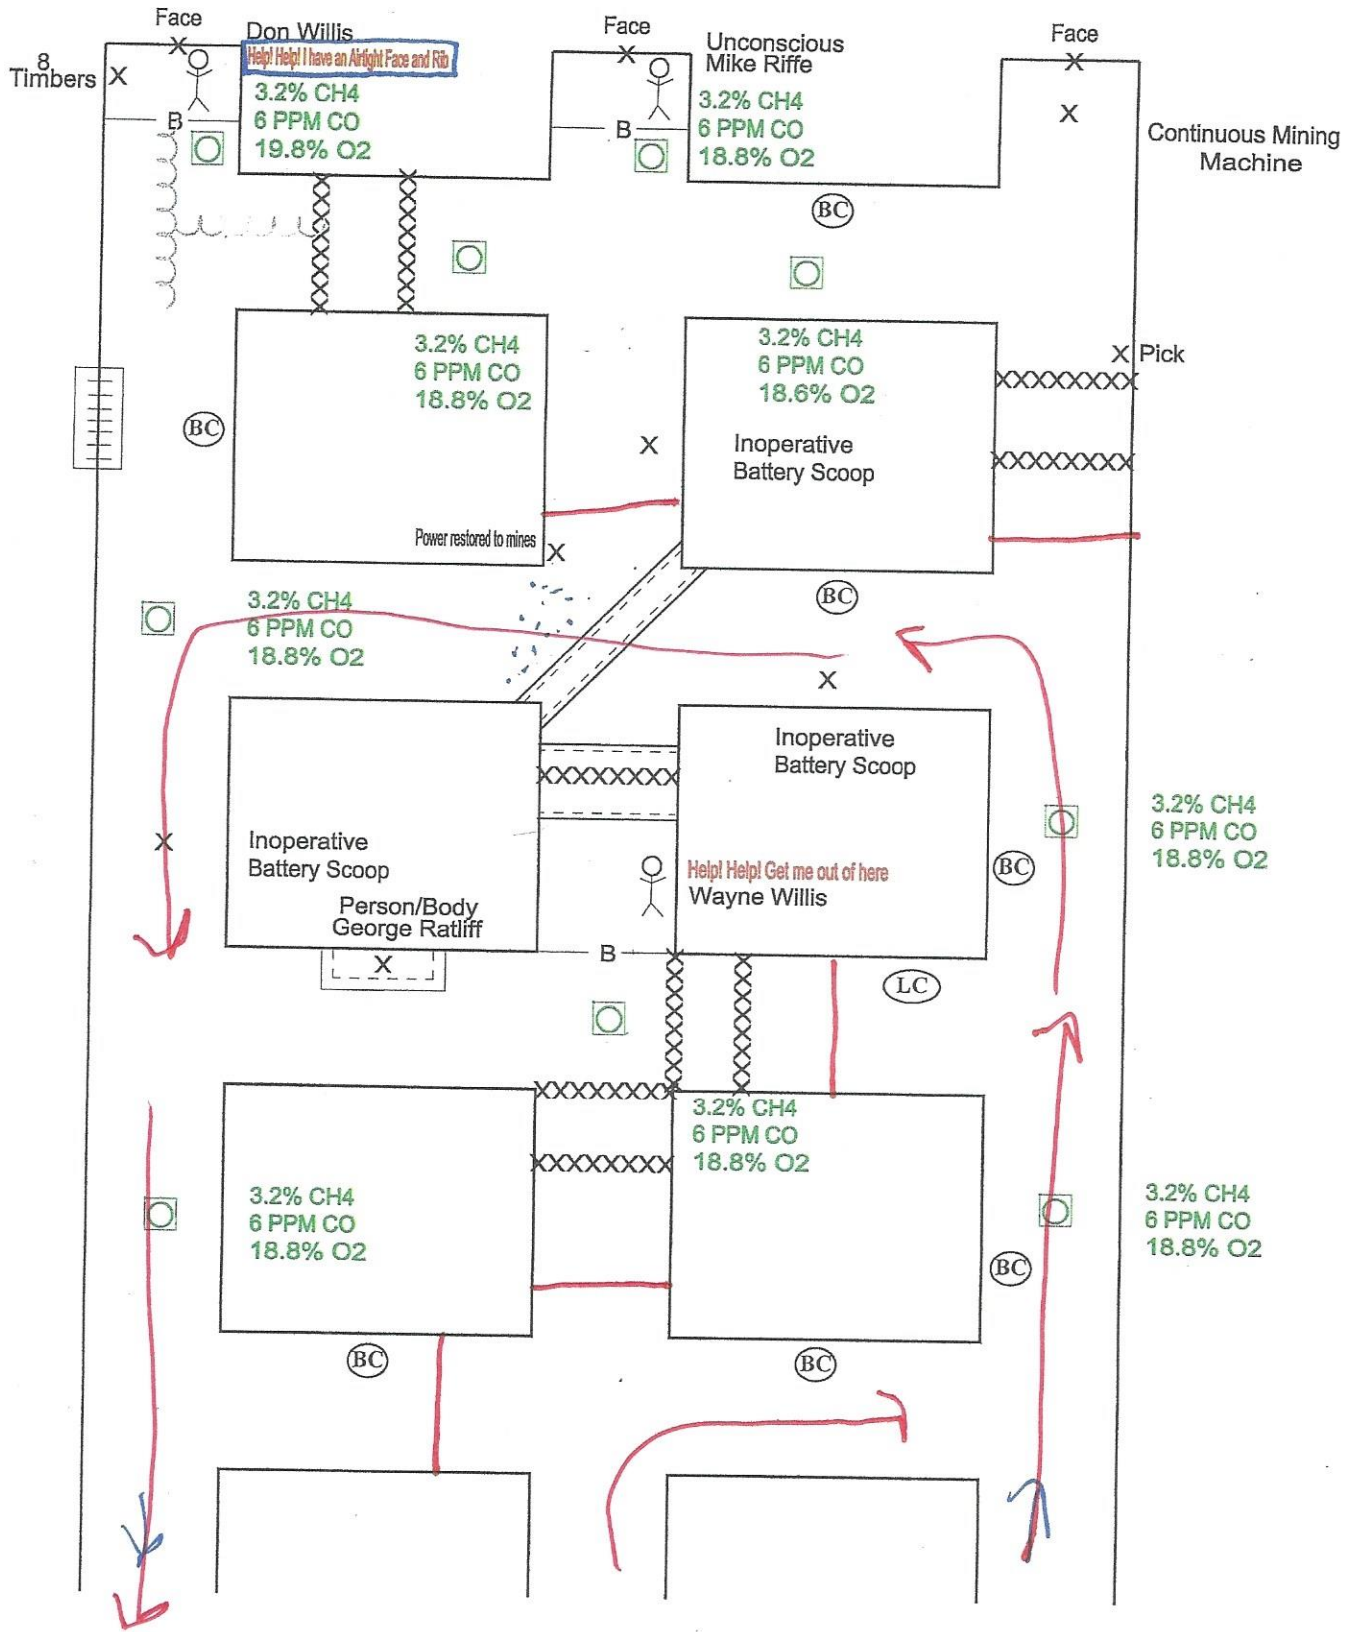

Last night a 4-person crew entered the mine to perform cleanup work. When the outside person had not heard from them in a while, she tried to communicate with them and was not able to make contact. All Agencies have been contacted and are present. An action plan has been approved for mine rescue teams to explore underground. Previous mine rescue teams have established a fresh air base.

Power to the mine fan is currently off. We are having power problems, a crew is working on the power as we speak and the command center shall be notified when the power is restored. The mine is being ventilated by an exhausting fan that cannot be stopped, stalled or reversed. The #1 entry is the return. The #3 entry is the intake. All mine power underground has been disconnected. Power may be controlled by the command center once the power has been restored.

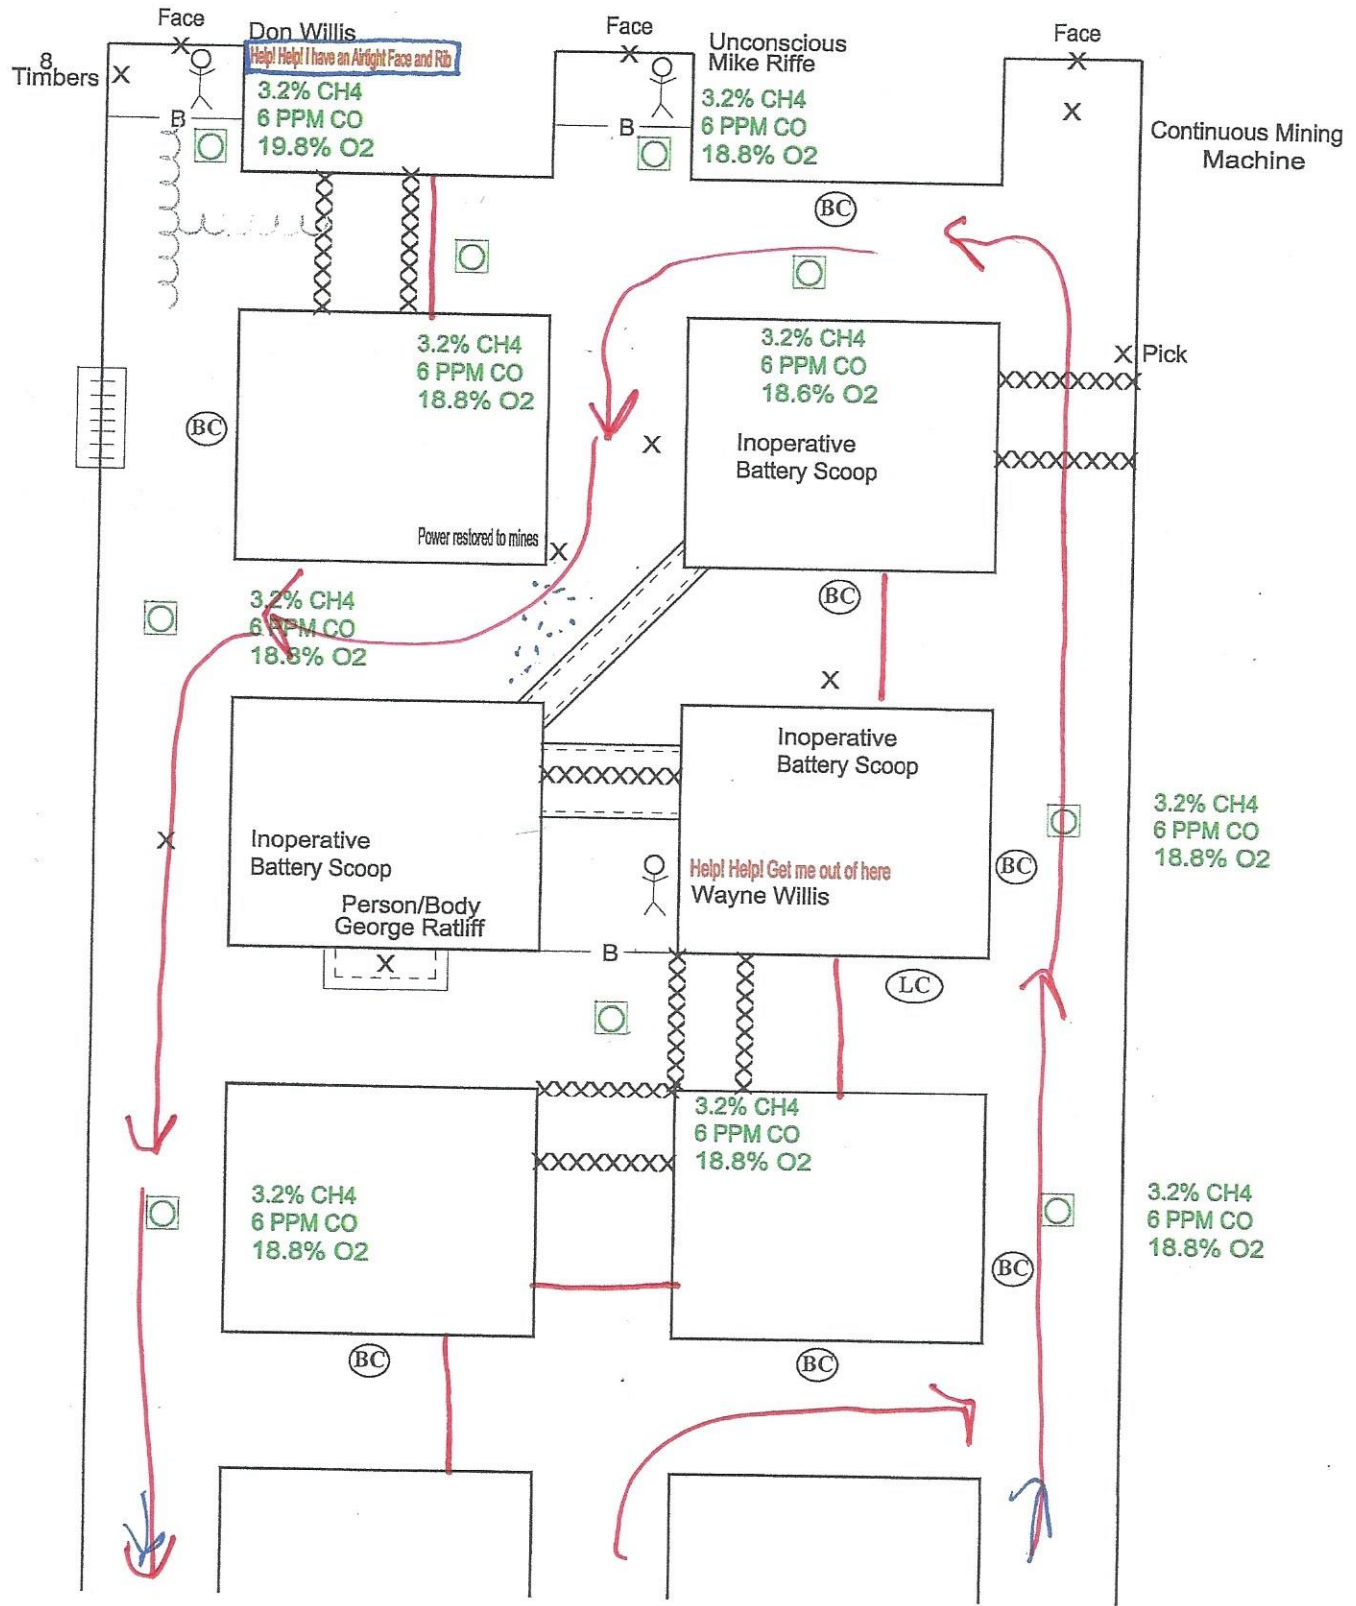

PROBLEM

- REPORT NAMES AND ANY EXPLOSIVE MIXTURE TO COMMAND CENTER BEFORE LEAVING TEAM STOP.
- ACCOUNT FOR ALL MISSING MINERS
- THERE IS A 90 MINUTE TIME LIMIT AND YOU WILL RECEIVE A 10 MINUTE WARNING
